#4 - More detailed description

Rough Roads

adam.barnett@bicycle.ns.ca This is a great route. This particular section of road can be a bit rough, but don't know of any other alternatives.

45.03911, -64.90829

#5 - To edit point

** Please provide any comments on the route, add special points of interest, or any other pertinent information.

Instructions:

Turn layers on or off by clicking on the box.

Explore the area. Have a look around.

1) Click on the "comments" layer.

2) Choose a point and a cross-hair will appear. Click on the map where you want to make the comment.

3) Enter your main comment/concern in the title.

4) Enter your email (preferably) and make any comments that you have.

5) If you want to move the point or edit your comments, click on the edit button.

6) Feel free to add to others' comments. Add your name and/or email before adding the comment. If you want to skip a line when making a comment, hold the "shift key" when pressing enter.

* Please feel free to send an email or call to add more information or send other routes.
